AWWA announces ACE10 registration is now open

(DENVER) – Online registration is now open for the American Water Works Association’s (AWWA) 2010 Annual Conference & Exposition (ACE10), June 20-24, in Chicago, Illinois.

The world’s water community will gather at the McCormick Place, West Building to explore the future of safe water, gain insight into cutting-edge research and best practices, and experience the latest products and services available to the water community.

ACE10 will feature 14 in-depth, interactive workshops and more than 100 professional sessions comprising more than 550 presentations. Attendees will have the opportunity to earn contact hours for the Distribution & Plant Operations, Engineering and Construction, Manufacturers/Associates, Residuals, Reuse, Small Systems & Water Quality tracks, and most Sunday Workshops and facility tours.

More than 500 service providers will exhibit at ACE10, showcasing the latest products and services for all aspects of the water industry. These exhibitors will offer expert insight and hands-on understanding for everything from pipes to valves, meters to hydrants, engineering services to tank-related companies, membrane filtration systems to laboratory equipment, and security to wastewater. The New Product Technology Showcase will return to highlight the newest and most innovative products and technology available.

ACE10 will also offer unique events focused on sections, diversity issues, young professionals, students, public officials, operators, international attendees, and first-time attendees. The annual and always entertaining Pipe-Tapping Contest, Top Ops Competition, Meter Madness, and the “Best of the Best” Water Taste Test will be held as well.

To register, log on to <http://www.awwa.org/ace10>. Individuals interested in learning more can also follow ACE10 on Twitter and Facebook.

Media Note: Accredited members of the media may attend ACE10 at no charge. However, they are required to register with AWWA Public Affairs. For media registration, please visit the press room at www.awwa.org or contact Deirdre Mueller at dmueller@awwa.org or 303-347-6140.

Established in 1881, AWWA is the oldest and largest nonprofit scientific and educational organization dedicated to safe water in North America. AWWA has more than 59,000 members worldwide, and its 4,500 utility members serve 80 percent of America's population.

#

AWWA is the authoritative resource for knowledge, information, and advocacy to improve the quality and supply of water in North America and beyond. AWWA is the largest organization of water professionals in the world. AWWA advances public health, safety and welfare by uniting the efforts of the full spectrum of the entire water community. Through our collective strength we become better stewards of water for the greatest good of the people and the environment.
